

CHOLES BALANCE

Herbal Cholesterol Solution

■ CHOLESTEROL SOLUTION

Studies show high cholesterol along with other factors reflects an increase in your risk of getting heart disease and ignoring it can contribute to severe health problems including stroke, kidney damage, diabetes mellitus, and even death.

In many people, high cholesterol levels are linked to a diet that is rich in saturated fat and cholesterol and available medicated drugs for cholesterols have many side effects.

The single most important things we can do to lower our cholesterol level is to have a healthier diet. Specifically, eliminate and/or cut back on fried foods, fatty foods and foods rich in simple carbohydrates. Unfortunately, changing lifelong eating habits can be very difficult and so many people just won't do it

Increase metabolism to burn fat

Regulate blood pressure

Improve blood circulation

■ CHOLES BALANCE

Chinese medicine theory states that due to the nutritional imbalance of the body, blood becomes sluggish with stasis, fat metabolism gets interrupted, arteries become blocked or clogged thus leading to high cholesterol.

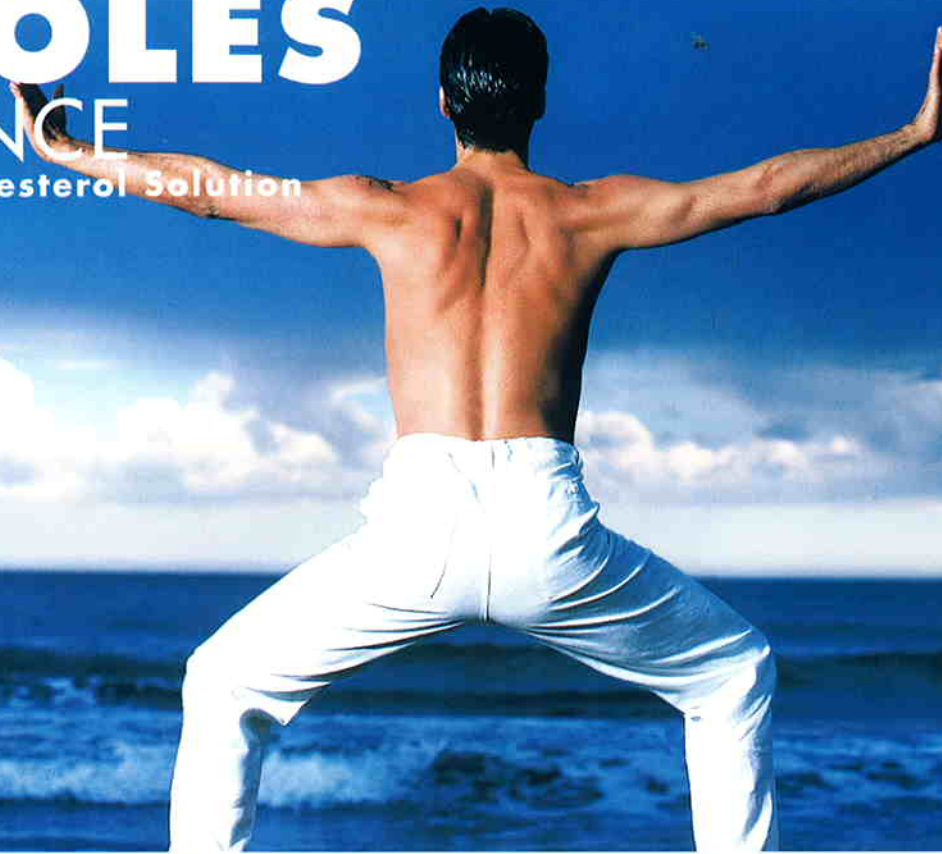

This all-natural Chinese herbal combination can help clear and inhibit cholesterol deposits in arteries, veins and liver, lower triglycerides level and break up hardened and stagnant plaque formation in the blood vessels.

The leading ingredient used in this formula is the Red Sage Root. It helps in promoting blood circulation and relieving blood stasis, clearing heat from the blood and curb swelling. Another significant herb is Szechuan Lovage Rhizome promoting blood circulation and flow of Qi.

CHOLES BALANCE

Herbal Cholesterol Solution

■ CHOLES BALANCE

Cholesterol levels are generally very responsive to diet and lifestyle changes. Choles Balance contains specially selected herbs that are nutritionally rich and capable of addressing cholesterol problems.
